SECTION 1.10.14
SIGNS AND BANNERS ACROSS STATE HIGHWAYS

Effective immediately, Section 1.10.14 is revised to read:

No person, municipality or corporate entity may place a sign or banner across a state highway, unless the local municipality has passed a resolution designating their intention to erect such a sign or banner, and they have received confirmation from the Department that we have on file a copy of the resolution and all required issues have been adequately addressed. The resolution may be for a signal event, an event that recurs on a regular basis, or multiple events throughout the year. Permanent cables across the right-of-way for erection of banners are permissible provided they are noted in the resolution. Any municipal sponsored sign or banner placed across a state highway without a resolution on file with the Department can be removed. No sign or banner may be placed across or within the right-of-way of any limited access highway.

The Department will only consider resolutions which address the following:

- ☼ Installation location including SR, segment/offset and vertical clearance above the roadway (minimum 17' 6")
- ☼ Size of the sign or banner, a description of the message, and the event(s) and/or organization(s) for which the banner is being erected. Events must relate to a national, state, regional or local function or charitable affair.
- ☼ Approximate date(s) of installation and removal. If the sign or banner is to be installed on a recurring basis, the occasions when it will be displayed and the approximate number of days before and after the occasion when the device will be installed and removed, respectively.
- ☼ The municipality assumes full responsibility for erecting, maintaining and removing the device and all liability for damage occurring to any persons or property arising from any act of omission associated with the sign or banner.
- ☼ Acknowledgment that no more than 20% of the message will relate to naming or advertising a commercial product, enterprise, business or company regardless of whether they are sponsoring the event or banner installation.
- ☼ That traffic control will be performed in accordance with the most current Publication 203.

Resolution No. 4/2/1999

Be it resolved by the City Council of the City of Connellsville, "To Allow the City Clerk to sign off on Resolutions pertaining to the erecting of Banners and Signs in the City of Connellsville to the Department of Transportation."
